## **FOR IMMEDIATE RELEASE**

### **PTP AND JPA VOLUNTEERS PLANT 600 MANGROVE SAPLINGS IN TANJUNG ADANG COASTAL AREA**

**Gelang Patah, 11 April 2019** – Port of Tanjung Pelepas Sdn Bhd (PTP), a member of MMC Group, together with Johor Port Authority (JPA) and Kelab Alami Mukim Tanjung Kupang continue to reinforce its commitment in managing the local eco-system by collaborating in the planting of 600 mangrove saplings in Tanjung Adang coastal area near Gelang Patah.

About 100 volunteers, consisting of staff from PTP and JPA as well as volunteers from Kelab Alami and various other government agencies took part in the mangrove tree planting event that aimed to help in environmental conservation and to build a path for the natural environment sustainability, especially around the area where PTP and JPA operate.

During the event launching ceremony, Lembaga Pelabuhan Johor General Manager, Muhammad Razif Bin Ahmad, remarked that the mangrove conservation and restoration program is just one of many social responsibility programs that both LPJ and PTP collaborate, to bring together joint stakeholders such as the community, employees, network partners and government agencies for social activities. The objective is to provide them with a valuable contribution to sustainable natural and environmental preservation.

“Apart from the mangrove planting program, LPJ has also successfully introduced a comprehensive Green Port Policy that acts as a general guide for all port operators in Johor in moving towards more sustainable green port environment.” added him.

PTP Chief Executive Officer, Marco Neelsen remarked that PTP have long recognized the importance of preserving the natural environment that sustains all life on the earth for future generations.

“Through our continuous environment based CSR activities, PTP remain steadfast in safeguarding the natural beauty surrounding our Port as well as its neighbouring community. As part of our environmental stewardship, PTP will continue to embark on a long term journey on environmental conservatism and preservation including beach cleaning, tree planting and sea grass rehabilitation program that we are already proactively taken over the years”. he said.

## **About Port of Tanjung Pelepas**

*The Port of Tanjung Pelepas (PTP) is Malaysia's largest container terminal. The port delivers reliable, efficient and advanced services to major shipping lines and box operators, providing shippers in Malaysia and abroad extensive connectivity to the global market.*

*PTP is grouped under MMC Port Holdings Sdn Bhd (MMC Ports), Malaysia's largest integrated logistics service provider. MMC Ports is a wholly-owned subsidiary of MMC Corporation Berhad, a leading utilities and infrastructure group with long standing credential and capabilities in ports & logistics, energy & utilities and engineering.*

*Its terminal operations are backed up by state-of-the-art facilities, equipment and information technology systems linked to all port users. To date, the Port is operating with 14 berths totalling 5.04 km in linear wharf design. The port's container yard is one of the largest container storage facilities in the region with the capacity to handle up to 10.5 million TEU annually.*

*PTP was accorded Free Zone status in March 1998 and was also appointed as a Free Zone Authority by the Government on 16 June 1999 to administer both the Commercial Free Zone and the Industrial Free Zone. PTP Free Zone provides various advantages to cargo importers and exporters and the direct connection to the port terminal also provides efficient and cost effective container movement between the Free Zone and the port, creating convenience for the container trade.*

*PTP is also a joint venture between MMC Corporation Berhad (70%), a utilities and infrastructure group and APM Terminals (30%), a leading global ports group with a global port network in 62 countries.*
